1.0 POLICY OBJECTIVE

1.1 This policy document provides the framework on the distribution and usage of free educational resources provided by the Ministry of Education, Heritage & Arts (hereinafter referred to as MoEHA) to primary and secondary schools.

2.0 BACKGROUND

2.1 Introduction

2.1.1 The MoEHA announced two major strategic initiatives to compliment the free educational resources project in schools. In 2014 MOEHA announced One Electronic Device per Child initiative and in 2015, MoEHA started the Free Textbooks initiative for all levels up until Year 12.

2.1.2 These initiatives are necessary to aid students to overcome the financial burden of having to buy textbooks and other basic educational material needed to properly grasp the school curriculum. The One Electronic Device per child initiative as part of the Free Educational Resources Policy is also a step towards achieving global digital literacy and to sharpen computer skills of school students.

2.1.3 Providing free educational resources by students emanates from the constitutional requirement that *“the State must take reasonable measures within its available resources to achieve the progressive realisation of the right to free early childhood, primary, secondary and further education”* (Constitution of the Republic of Fiji, 2013) and Pillar 9 of the People’s Charter for Change, Peace and Progress of making Fiji a Knowledge Based Society.

2.1.4 The initiatives although at a pilot stage has shown an increase in the retention rate of student and decrease in the number of students leaving school at early years.

2.2. Rationale

The aim of this Policy is to:-

- (a) create awareness and inform the general public of the purpose behind free educational resources to school students;
- (b) ensure that schools and stakeholders get clarity that the educational resources are for the benefit of the school students to supplement their existing resources;
- (c) provide proper guidelines for the use, storage and maintenance of the free educational resources in schools;
- (d) ensure and uphold accountability and transparency in the dissemination, maintenance and record keeping of the resources in all schools;
- (e) improve teachers' commitment in the teaching and learning process within schools using these educational resources.

3.0 DEFINITIONS

(a) Free Educational Resources

Are the resources developed or provided by the MoEHA for the purpose of teaching and learning and supplied to schools for free. It includes electronic textbooks and one electronic device per child.

(b) School

Is inclusive of all premises where teaching and learning take place, including early childhood education centers, primary school, secondary school and vocational centers/ schools.

(c) Electronic Copy

Are the free educational resources that are available from the Ministry of Education website, FEMIS, CDs and DVDs, electronic gadgets and emails.

(d) **School Leaders**

Refers to Head Teachers and Principals of schools

4.0 POLICY

- 4.1 The free educational resources consist of electronic versions of textbooks, supplementary notes, manuals, teacher guides, pupil's workbooks, syllabi, examination papers, solutions ,reports, electronic devices and gadgets that are designed to supplement teaching and learning in schools.
- 4.2 All students shall be equally entitled to the proper usage of the free educational resources for the sole purpose of learning. However the free educational resources shall remain the property of MoEHA under the custody of the school.
- 4.3 The Ministry shall take reasonable measures, within its available resources, to achieve progressive realisation to provide hardcopies of textbooks that it has developed to all schools within Fiji. A full list of textbooks for primary schools provided by the Ministry as well as the books to be supplied by primary schools using the grant money is attached and marked as "Appendix A"
- 4.4 Schools around Fiji shall be allowed to use a percentage of their grant allocation to purchase textbooks that are not provided by the Ministry. A full list of textbooks for secondary schools provided by the Ministry as well as the books to be supplied by secondary schools using the grant money is attached and marked as "Appendix B"

- 4.5 Nothing in paragraphs 4.3 and 4.4 above prevents or stops a parent or guardian to purchase or buy textbooks or resources to supplement the learning of his /her child.
- 4.6 The class teacher must ensure that hardcopy of textbooks, if not enough to be distributed on a 1:1 basis, must be shared amongst students for all students to get maximum benefit.
- 4.7 Notwithstanding 4.6 above, all students shall be allowed to take the textbooks and supplementary notes or workbooks home for revision purposes and schools shall do all necessary paperwork and keep records of the textbooks issued out to students. Students shall also download the softcopy/ electronic copy from MOEHA website for their reference and revision purposes as well,
- 4.8 All teachers shall be equally entitled to the proper usage of the free educational resources for the sole purpose of teaching.
- 4.9 The school Principals or Head teachers shall be responsible for and make all efforts to properly disseminate, maintain, secure and monitor all educational resources provided by MoEHA.
- 4.10 The school Principals or Head teachers shall ensure that sufficient quantities of the free educational resources are available to all teachers and students.
- 4.11 All School Principals or Head Teachers shall keep a record of the particulars; number and type of educational resources received for the students of their school and must be able to produce these records upon demand.

4.12 Any reproduction of the free resources by the school shall be done after approval from the Permanent Secretary for Education, MOEHA for the sole purpose of teaching and learning.

4.13 Any infringement to the copyright laws or violations of this Policy will be grounds for disciplinary actions and legal proceedings.
